Finalized Course Work Plan for Ph.D. Students

Instructions: All ECE Ph.D. students are required to complete 24 credits of graduate level College of Engineering (COE), Math, Statistics, and/or Physics course work at the University of Florida. At least 15 credits of this 24 credit requirement must be graduate level ECE course work. This finalized course work plan MUST be approved by your supervisory committee. Please fill out the below information and return the completed form to the Student Services Office (LAR 230) after your Status Meeting with your supervisory committee.

Student Information

Name:_____ UFID:_____

Committee Chair:_____

Date of Status Meeting:_____

Finalized Course Work Plan (To be filled out by the student)

Please list your finalized program of study in the below table. Only list ECE course work hours (no independent study or EEL 7979) that you received a grade of "B" or better in:

Course Number	Course Title	Credits	Term	Year	Grade

We approve the above listed course work and agree that the above listed student has completed their 24 hour PhD course work requirement.
