

Please Make a Difference . . .

We strive to offer our students in Electrical and Computer Engineering the best possible educational and research opportunities. We believe a strong faculty and a focus on cutting edge programs are the best components of these opportunities. Being able to offer more scholarships to outstanding students, providing research opportunities and participation in student chapter activities will help us make the difference between being good and being the best. Your annual gifts to the Department can provide the financial boost to allow our graduates to compete successfully in today's world and to contribute to society.
