

ECE Course Substitution Petition

Electrical and Computer Engineering program has clearly defined requirements for students to complete by the time of their expected graduation date. Please review your degree audit and/or curriculum sheets for list of approved electives for the ECE program. If the course you want to complete is not on the list please complete this form prior to the semester of enrollment. The form will be reviewed by the Undergraduate Committee for approval. It will take 14 to 21 days to receive notification of the decision. Do not submit incomplete forms, they will not be processed.
