

## Declaration of Ph.D. Faculty Advisor

Instructions: All ECE Ph.D. students are required to find a faculty advisor by the mid-point of the first summer semester enrolled as a Ph.D. student. Your faculty advisor is responsible for guiding your research while you are working on your Ph.D. dissertation and for approving your 24 hour course work requirement. Ph.D. students must officially declare that they have a faculty advisor in order to register for doctoral research (EEL 7979/7980). To formally declare that a faculty advisor has been determined, students and advisors must complete the below information and return this form to the Student Services Office (230 Larsen Hall).

### Student Information

Name: \_\_\_\_\_ UFID: \_\_\_\_\_

Selected Faculty Advisor: \_\_\_\_\_

### Projected Plan of Course Work (To be filled out by the student)

All Ph.D. students must complete at least 24 credits of graduate level College of Engineering (COE), Math, Statistics, and/or Physics course work at the University of Florida. At least 15 credits of this 24 credit requirement must be graduate level ECE course work. Students must receive a grade of “B” or better in all of these courses to count them toward this requirement. Please list your projected program of study below:

Course Number	Course Title	Credits	Term	Year

I agree to serve as Ph.D. faculty advisor for the above named student. I agree to supervise the above named student’s doctoral research hours and have approved the above projected plan of study.

I have discussed the above projected plan of study with my declared Ph.D. faculty advisor. I understand that I must receive a “B” or better in the above listed courses. I also understand that I need to submit a finalized plan of study signed by my supervisory committee during my PhD Status Meeting in order to graduate.
