EEE 4701/5702- Automated HW/SW Verification

1. Catalog Description – (3 credits) Develop modeling, formal specification, and automated verification skills for analyzing complex hardware and/or software systems. Hands-on experience with model checking tools.
2. Pre-requisites: EEL 4744C (or equivalent) and COP 3530 (or equivalent).
3. Course Objectives – To devise formal models for reasonably complex systems, to learn various property specification formalisms, and how to use automated verification tools to reason about the correctness properties and the behavior of hardware and/or software systems.
4. Contribution of course to meeting the professional component (ABET only – undergraduate courses) 3 credits of Engineering Science.
5. Relationship of course to program outcomes: Skills student will develop in this course (ABET only undergraduate courses) Outcomes a and k.
6. Instructor – Dr. Tuba Yavuz
   1. Office location: 321 Benton Hall
   2. Telephone: (352) 846 0202
   3. E-mail address: tuba@ece.ufl.edu
   4. Class Web site: E-learning CANVAS http://lss.at.ufl.edu
   5. Office hours: Tuesdays and Thursdays 1:30 pm – 2:30 pm
7. Teaching Assistant - None
8. Meeting times: MWF 10:40 am – 11:30 am
9. Class/laboratory schedule - 3 class periods consisting of 50 minutes each
10. Meeting Location – Web (Zoom links will be available on CANVAS).
11. Material and Supply Fees - None
12. Textbooks and Software Required – None.
13. Recommended Reading –
   • Theoretical Background on Model Checking
     1. Title: Model Checking.
     2. Author: Edmund M. Clarke, Orna Grumberg, Daniel Kroening, Doron A. Peled, and Helmut Veith.
   • Theoretical Background on SAT/SMT Solvers
     1. Title: Decision Procedures, An Algorithmic View
     2. Author: Daniel Kroening and Ofer Strichman
     3. Publication date and edition: 2016, 2nd
     4. ISBN number: 978-3662504963
• Practical book on SPIN model checker
  1. Title: The SPIN Model Checker
  2. Author: Gerard J. Holzmann
  4. ISBN number: 0-321-22862-6

• A list of research papers to be provided by the instructor.

14. Course Outline –

(1 class) Introduction
(1 class) Propositional Logic
(1 class) Modeling with Propositional Logic and the SAT Problem
(2 classes) SAT Solving using Conflict Resolution
(2 classes) SAT solving using Binary Decision Diagrams (BDDs)
(1 class) Predicate/First-order logic
(2 classes) Uninterpreted functions and equality logic
(1 class) Bit-vector Logic
(1 class) Symbolic Execution – KLEE
(2 classes) PROMPT for component-level analysis
(3 classes) Linear-Time Temporal Logic (LTL)
(3 classes) SPIN (an explicit-state model checking tool for high-level models)
(2 classes) Explicit-state Model Checking Algorithms
(3 classes) Computation Tree Logic (CTL)
(1 class) NuXmv (a symbolic model checking tool)
(3 classes) Symbolic Model Checking Algorithms (NuXmv)
(2 classes) Bounded Model Checking (BMC)
(2 classes) Infinite-state Model Checking
(1 class) Software Model Checking (Intro & CPAChecker)
(2 classes) Predicate Abstraction
(1 class) Counter-example Guided Abstraction Refinement (CEGAR)
(1 class) Linear Arithmetic
(1 class) DPLL(T)
(~7 classes) Research Paper presentations
(1 class) Wrap-up

15. Attendance and Expectations - Attendance is expected. Cell phones and other electronic devices are to be silenced. No text messaging during class or exams.

Requirements for class attendance and make-up exams, assignments, and other work are consistent with university policies that can be found at: https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

16. Grading –
Assignments (30% for both sections): Written assignments as well as hands-on experience with some of the model checking tools.

A final exam TBA (30% for both sections): This will include questions on the theory of automated verification as well as research problems that will require a basic understanding of the fundamental problems in the model checking field and various solutions to these problems and the ability to compare and contrast them.

Research paper presentations (15% - EEE 5702 only): Each student in EEE 5702 will choose a research paper, preferably related to their term project, in the field of automated verification and present it in class. The presentations will be graded based on 1) the presenter’s ability to clearly describe the problem, explain the solution, and evaluate the (experimental) results, 2) the quality of answers provided to the questions, and 3) the content of the slides.

Written Questions about Research Papers (15% - EEE 4701 only): Each student in EEL 4701 will prepare at least one non-trivial question for each of the three different papers that will be presented in class. To get full credit, the question should reveal that the paper has been read carefully and the answer to the question must not be explicitly stated in the paper. Each question should be submitted on CANVAS prior to the presentation.

Term Project (20% for both sections): A semester long project that will involve analysis of a reasonably complex hardware or software system using a verification tool. Students will choose from a list of project topics that will be provided by the instructor.

Participation (5%, for both sections): Class participation. You are encouraged to keep a participation log of any activity along with the date of participation and other information (e.g., the specific question asked or answered) and submit it by the end of the semester.

17. Grading Scale –

A C- will not be a qualifying grade for critical tracking courses. In order to graduate, students must have an overall GPA and an upper-division GPA of 2.0 or better (C or better).” Note: a C- average is equivalent to a GPA of 1.67, and therefore, it does not satisfy this graduation requirement. For more information on grades and grading policies, please visit: https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx
18. Make-Up Exam Policy - If you have a University-approved excuse and arrange for it in advance, or in case of documented emergency, a make-up exam will be allowed. A make-up exam will be allowed if you have a University-approved excuse and arrange for it in advance, or in case of documented emergency. The student must submit a written petition to the instructor two weeks prior to the scheduled exam and the instructor must approve the petition.

and arrangements can be made for making up missed work. University attendance policies can be found at: https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

Otherwise, make-up exams will be considered only in extraordinary cases, and must be taken before the scheduled exam. The student must submit a written petition to the instructor two weeks prior to the scheduled exam and the instructor must approve the petition.

**Online Course Recording**

Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

**F2F Course Policy in Response to COVID-19**

We will have face-to-face instructional sessions to accomplish the student learning objectives of this course. In response to COVID-19, the following policies and requirements are in place to maintain your learning environment and to enhance the safety of our in-classroom interactions.

- You are required to wear approved face coverings at all times during class and within buildings. Following and enforcing these policies and requirements are all of our responsibility. Failure to do so will lead to a report to the Office of Student Conduct and Conflict Resolution.
- This course has been assigned a physical classroom with enough capacity to maintain physical distancing (6 feet between individuals) requirements. Please utilize designated seats and maintain appropriate spacing between students. Please do not move desks or stations.
• Sanitizing supplies are available in the classroom if you wish to wipe down your desks prior to sitting down and at the end of the class.

• Follow your instructor's guidance on how to enter and exit the classroom. Practice physical distancing to the extent possible when entering and exiting the classroom.

• If you are experiencing COVID-19 symptoms (Click here for guidance from the CDC on symptoms of coronavirus), please use the UF Health screening system and follow the instructions on whether you are able to attend class. Click here for UF Health guidance on what to do if you have been exposed to or are experiencing Covid-19 symptoms.

• Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work. Find more information in the university attendance policies.

Students Requiring Accommodations
Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting https://disability.ufl.edu/students/get-started/. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Course Evaluation
Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at https://gatorevals.aa.ufl.edu/students/. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via https://ufl.bluera.com/ufl/. Summaries of course evaluation results are available to students at https://gatorevals.aa.ufl.edu/public-results/.

University Honesty Policy
UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment
The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and
the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Graduate Program Coordinator
- Robin Bielling, Director of Human Resources, 352-392-0903, rbielling@eng.ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use
All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy
There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: https://registrar.ufl.edu/ferpa.html

Campus Resources:

Health and Wellness

U Matter, We Care:
Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: http://www.counseling.ufl.edu/cwc, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Discrimination, Harassment, Assault, or Violence
If you or a friend has been subjected to sexual discrimination, sexual harassment, sexual assault, or violence contact the Office of Title IX Compliance, located at Yon Hall Room 427, 1908 Stadium Road, (352) 273-1094, title-ix@ufl.edu

Sexual Assault Recovery Services (SARS)
Student Health Care Center, 392-1161.

**University Police Department** at 392-1111 (or 9-1-1 for emergencies), or [http://www.police.ufl.edu/](http://www.police.ufl.edu/).
