

Introduction to Electrical & Computer Engineering

EEL 3000 Section 6232

Class Periods: Mondays, Periods 8 & 9, 3:00 pm – 4:55 pm

Location: 100% online

Academic Term: Fall 2020

Adapted for COVID

Instructor:

Prof. Henry Zmuda

hzmuda@ufl.edu

Office: 235 Larsen Hall

Office Phone Number: (352) 392 – 0990

Mobile Phone Number (text me anytime, voice calls for emergencies only please):

(850) 225 – 9200

Office Hours: Text me for an online meeting

Teaching Assistant: Please contact through the Canvas website

Andrew Plummer

Email: andrewplummer23@ufl.edu

Office location: NEB 213 (IEEE Office)

Office hours: TBA

Course Description

(2 credits) Introduces electrical and computer engineering tools, both hardware and software. Professional ethics, career development. Assemble and test hardware project to provide hands-on experience.

Course Pre-Requisites / Co-Requisites: None

Course Objectives: Learn about the Electrical and Computer Engineering profession, particularly the differences in sub-fields. Explore career opportunities and how to prepare for them, and become aware of the tools and resources used in industry. Demonstrate the ability to communicate effectively and knowledge of professional issues such as ethics, contemporary issues, and continuing education.

Materials and Supply Fees: None

Professional Component (ABET):

State the contribution of the course to meeting the professional components of the ABET-accredited degree.

Relation to Program Outcomes (ABET):

Outcome	Coverage*
1. An ability to identify, formulate, and solve engineering problems by applying principles of engineering, science, and mathematics.	
2. An ability to apply both analysis and synthesis in the engineering design process, resulting in designs that meet desired needs.	
3. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.	
4. An ability to communicate effectively with a range of audiences	High

5. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.	High
6. An ability to recognize the ongoing need for additional knowledge and locate, evaluate, integrate, and apply this knowledge appropriately.	High
7. An ability to function effectively on teams that establish goals, plan tasks, meet deadlines, and analyze risk and uncertainty	Medium

*Coverage is given as high, medium, or low. An empty box indicates that this outcome is not covered or assessed in the course.

Required Textbooks and Software: None

Access to MATLAB (available free through ECE Department VPN)

Recommended Materials

Access to MATLAB is required (available free through ECE Department VPN)

Course Schedule

- Week 1: Overview of Course, Learning Styles
- Week 2: Representatives from ECE and College of Engineering Student Services
- Week 3: Introduction to MATLAB Programming
- Week 4: Introduction to the Arduino Processor
- Week 5: Engineering Career Development
- Week 6: Engineering Professionalism
- Week 7: Engineering Ethics
- Week 8: Engineering Innovation and Entrepreneurship
- Week 9: Intellectual Property and Patent Law
- Week 10: Computer Engineering Area Overview
- Week 11: Signals and Systems Area overview
- Week 12: Electronics Area Overview
- Week 13: Devices Area Overview
- Week 14: Electromagnetics Area Overview
- Week 15: Final Matlab/Arduino Quiz

Attendance Policy, Class Expectations, and Make-Up Policy

Attendance is required. To maintain a sense of normalcy in these unusual times attendance is required. One of the stated purposes of this course is to instill a sense of professionalism, preparing you for your future career. Even though many in industry are working from home, employers expect active employee participation during online meeting, and the same is expected here. Since the course is 100% online via Zoom the class will be recorded, but no credit is given for watching online at a different time. The attendance app will remain open for you to sign in from 2:55 pm to 3:15 pm. You will not be able to sign in after 3:15 pm and will be considered absent. **You MUST remember to sign in. Forgetting to sign in is not an acceptable excuse. The app will not let you sign in after 3:15!** The attendance app will be cross-checked with Canvas. If Canvas shows that you left the class early without prior approval you will be marked absent. **Students may not leave early from class unless approved in advance.** An excused absence requires valid (UF approved) documentation. Attendance is not taken the first day of class. One (1) unexcused absence is allowed. Any abuse of the attendance system (e.g., signing in and leaving early) is interpreted as “cheating” on the attendance and will be considered an offence of the UF Honor Code and reported to the Dean of Students Office.

All students must post a recognizable photograph of their face on the Canvas page. An attendance grade of zero (0) for each day will be issued until an appropriate photograph is posted. Attendance is not taken the first day of class (add/drop week).

Make-up Work

Makeup work is contingent on appropriate justifications and legal documents (UF Dean of Students, certified physician, military active duty, jury duty, etc.)

Since the class consists mainly of guest speakers, some make-up classes are not possible.

If a MATLAB assignment is missed (including the final quiz) for legitimate reasons (UF Dean of Students, certified physician, military active duty, jury duty, etc.) the make-up will consist of a project, possibly of greater difficulty than the original assignment.

Policy on Late Submissions

Assignment submissions are due by 11:59 pm of the assigned due date. Late assignments will receive a 50% deduction in grade for first day late (submitted within 24 hours of the due date), a 75% deduction in grade for second day late (submitted within 48 hours of due date). No assignments will be accepted (no credit given) after 48 hours. Assignments are submitted electronically by uploading them onto Canvas. Late projects (i.e., Siren Kit) are treated the same as late written assignments. Excused late submissions MUST be approved by the instructor in advance.

Excused absences must be consistent with university policies in the undergraduate catalog (<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>) and require appropriate documentation.

Evaluation of Grades

Assignment	Total Points	Percentage of Final Grade
Attendance (with photo)	1 each	25%
Essays (4)	10 each	20%
Electronic Kits/Projects (1)	10	15%
MATLAB Assignments (3)	10	20%
Final Exam	100	20%
		100%

Grading Policy

Numeric Cutoff	Letter Grade	Grade Points
≥ 93	A	4.00
≥ 90	A-	3.67
≥ 87	B+	3.33
≥ 83	B	3.00
≥ 80	B-	2.67
≥ 77	C+	2.33
≥ 73	C	2.00
≥ 70	C-	1.67
≥ 67	D+	1.33
≥ 63	D	1.00
≥ 60	D-	0.67
< 60	E	0.0

More information on UF grading policy may be found at:
<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

Students Requiring Accommodations

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, <https://www.dso.ufl.edu/drc>) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

University Honesty Policy

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (<https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Graduate Program Coordinator
- Robin Bielling, Director of Human Resources, 352-392-0903, rbielling@eng.ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <https://registrar.ufl.edu/ferpa.html>

Campus Resources:

Health and Wellness

U Matter, We Care:

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: <http://www.counseling.ufl.edu/cwc>, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Discrimination, Harassment, Assault, or Violence

If you or a friend has been subjected to sexual discrimination, sexual harassment, sexual assault, or violence contact the **Office of Title IX Compliance**, located at Yon Hall Room 427, 1908 Stadium Road, (352) 273-1094, title-ix@ufl.edu

Sexual Assault Recovery Services (SARS)

Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or <http://www.police.ufl.edu/>.

Academic Resources

E-learning technical support, 352-392-4357 (select option 2) or e-mail to Learning-support@ufl.edu.
<https://lss.at.ufl.edu/help.shtml>.

Career Resource Center, Reitz Union, 392-1601. Career assistance and counseling. <https://www.crc.ufl.edu/>.

Library Support, <http://cms.uflib.ufl.edu/ask>. Various ways to receive assistance with respect to using the libraries or finding resources.

Teaching Center, Broward Hall, 392-2010 or 392-6420. General study skills and tutoring.
