REMOTE SENSING IN ENGINEERING: SCIENCE, SENSORS, & APPLICATIONS
ABE 4034; EEL 3402
Class Periods: TR, 8:30-9:45am (10:25am for exams, make-up classes, & presentations)
Location: Zoom
Academic Term: Spring 2021

Instructor
Prof. Jasmeet Judge, Rogers Hall-205
Phone: 352-294-6750 Email: jasmeet@ufl.edu
Office hours: TR after class (9:45-10:45am) or by appointment

Course Description
Develop an understanding of remote sensing theory, systems and applications using information obtained from the visible/near infrared, thermal infrared and microwave regions of the EM spectrum.

Course Pre-Requisites/Co-Requisites
MAP 2302 or the equivalent

Course Objectives
The main objective of the course is to develop an understanding of remote sensing theory and systems in visible; infrared; and microwave regions of the EM spectrum. The course is divided into three parts. The first part includes science and theoretical basis of remote sensing. The second part of the course involves system characteristics of sensors used in the three regions, including sensor design, calibration, and performance issues. The third part includes student presentations on various applications of remote sensing.

The course is designed for upper division undergraduate students in the College of Engineering who have a strong background in differential/integral calculus, and preferably, in applied physics. It is primarily a lecture-based course with in-class problems, exams, homework assignments, and a project.

Relation to Program Outcomes (ABET)

<table>
<thead>
<tr>
<th>Outcome</th>
<th>Coverage</th>
</tr>
</thead>
<tbody>
<tr>
<td>An ability to identify, formulate, and solve engineering problems by applying principles of engineering, science, and mathematics.</td>
<td>High</td>
</tr>
<tr>
<td>An ability to apply both analysis and synthesis in the engineering design process, resulting in designs that meet desired needs.</td>
<td>Medium</td>
</tr>
<tr>
<td>An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.</td>
<td></td>
</tr>
<tr>
<td>An ability to communicate effectively with a range of audiences</td>
<td>Medium</td>
</tr>
<tr>
<td>An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.</td>
<td></td>
</tr>
<tr>
<td>An ability to recognize the ongoing need for additional knowledge and locate,</td>
<td>Medium</td>
</tr>
</tbody>
</table>
evaluate, integrate, and apply this knowledge appropriately.

An ability to function effectively on teams that establish goals, plan tasks, meet deadlines, and analyze risk and uncertainty

Text Recommendations
There is no required text. Handouts will be provided on course website from the following books:

All relevant materials and handouts are provided on the course website: [http://elearning.ufl.edu/](http://elearning.ufl.edu/)

Course Outline:

*PART I: Science and Theory of Remote Sensing:*
1. Introduction
   - Electromagnetic (EM) spectrum
   - Applications of remote sensing
2. Radiative transfer theory in VI, IR, & Microwave

*Exam I*

*PART II: Sensors in Remote Sensing*
1. Passive sensors used in the Visible, IR, & Microwave regions
2. Active Sensors in Visible/NIR and Microwave regions

*PART III: Remote Sensing Applications to Engineering*
   - Project and student presentations. Examples include applications in environment, ecology, agriculture, hydrology, wireless communication, defense, archaeology, etc

*Exam II*

Online Course Recording
Our class sessions may be audio-visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows
students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

**Attendance Policy, Class Expectations, and Make up Policy**

Classes will be primarily lecture-based, with material presented online via Zoom. Unless a legitimate reason is provided prior to the due date, homework assignments turned in after the due date will count for 25% less than the scored points if turned in by the next class past the due date. The assignments turned in after the next class past the due date or after the grades and solutions have been posted will not be counted at all. An exam or a project for another course is not a legitimate reason to miss due dates for this course.

In-class problems will be completed during class and students are expected to turn them in within 10 minutes following the class period. No makeup will be offered as students are allowed to miss three problem-sets during the semester.

No makeup will be offered for missed exams unless agreed upon by the instructor based upon a legitimate reason provided prior to the date of the quiz/exam. For excused absences that in compliance with the University policies in the catalog (https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/ and http://gradcatalog.ufl.edu/content.php?catoid=10&navoid=2020#attendance) and appropriate documentation is required prior to any due dates and exams.

**Evaluation of Grades**

Final grades will be assigned based upon homework assignments (30%), in-class problems (10%), two exams (15% each), project (total = 30%, with topic 3%; references 10%; outline 2%; presentation 15%).

**Grading Policy**

- $90 \leq A$
- $80 \leq B < 85 \leq B+ < 90$
- $70 \leq C < 75 \leq C+ < 80$
- $60 \leq D < 65 \leq D+ < 70$
- $E < 60$

More information on UF grading policy may be found at: https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx

**Students Requiring Accommodations**

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, https://www.dso.ufl.edu/drc) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

**Course Evaluation**

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at https://gatorevals.aa.ufl.edu/students/. Students
will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via https://ufl.bluera.com/ufl/. Summaries of course evaluation results are available to students at https://gatorevals.aa.ufl.edu/public-results/.

University Honesty Policy
UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment
The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:
• Your academic advisor or Graduate Program Coordinator
• Robin Bielling, Director of Human Resources, 352-392-0903, rbielling@eng.ufl.edu
• Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
• Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use
All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy
There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: https://registrar.ufl.edu/ferpa.html

Campus Resources:

Health and Wellness

U Matter, We Care:
Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the
student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

**Counseling and Wellness Center**: [http://www.counseling.ufl.edu/cwc](http://www.counseling.ufl.edu/cwc), and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

**Sexual Discrimination, Harassment, Assault, or Violence**
If you or a friend has been subjected to sexual discrimination, sexual harassment, sexual assault, or violence contact the [Office of Title IX Compliance](mailto:title-ix@ufl.edu), located at Yon Hall Room 427, 1908 Stadium Road, (352) 273-1094, title-ix@ufl.edu

**Sexual Assault Recovery Services (SARS)**
Student Health Care Center, 392-1161.

**University Police Department** at 392-1111 (or 9-1-1 for emergencies), or [http://www.police.ufl.edu/](http://www.police.ufl.edu/).

**Academic Resources**
- **E-learning technical support**, 352-392-4357 (select option 2) or e-mail to Learning-support@ufl.edu. [https://lss.at.ufl.edu/help.shtml](https://lss.at.ufl.edu/help.shtml).
- **Library Support**, [http://cms.uflib.ufl.edu/ask](http://cms.uflib.ufl.edu/ask). Various ways to receive assistance with respect to using the libraries or finding resources.
- **Teaching Center**, Broward Hall, 392-2010 or 392-6420. General study skills and tutoring. [https://teachingcenter.ufl.edu/](https://teachingcenter.ufl.edu/).
- **Writing Studio, 302 Tigert Hall**, 846-1138. Help brainstorming, formatting, and writing papers. [https://writing.ufl.edu/writing-studio/](https://writing.ufl.edu/writing-studio/).
